Our school strategies are on track to meet or exceed our targets

During 2014, we have focused on maximising the benefits of this funding for our students. After reviewing our *Great Results Guarantee* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

- Meeting with staff to review student progress on their learning goals and make necessary adjustments to programs fortnightly
- Analyse incorrect questions from previous Naplan tests and focus on the Item Analysis in order to develop and explicitly deliver skills that meet the needs of individual students
- Focus on the question description and skills to develop Individual Learning Guarantees for students who are at risk of not meeting National Minimum Standards in Literacy and Numeracy.
- Use Explicit Instruction when teaching as best practice.
- Celebrate student success and inform parents
- Employing a local teacher one day a week and extra teacher aides to implement strategies and programs developed for students on Individual Learning Guarantees.
