Playgroup

Porty Playgroup is a valuable part of our school community. Each Thursday from 9am to 11am pre-school age children and their caregivers are invited come together for a morning of fun and learning. The playgroup is facilitated by one of our teacher aides.

The morning includes art activities, imaginative play, outdoor play, puzzles, music and games. The morning concludes with story-time and morning tea.

Porty Playgroup is a wonderful opportunity for your pre-prep aged child to experience school life in a safe supportive environment, making the transition into prep as smooth as possible.

At PCRSS we are committed to helping all of our students reach their full potential.

Our school community takes pride in fostering a family atmosphere of cooperation and respect where every child matters every day.
**Our Strengths**

Our focus is treating every child as an individual and we tailor our approach to help every student be the best they can be. We aim to set students up for success, to build self-belief and confidence.

All of our teachers and teacher-aides have experience and training in dealing with students with learning disabilities and special needs. There is a full-time teacher aide in each class as well as teacher-aides who provide specialized learning support to students one-on-one. iPad technology is used to help students engage in their learning.

We are very proud of our supportive family atmosphere and we expect our students to take responsibility for their actions and look after each other.

**What We Offer**

**Sports program**

Our sports program gives our students the opportunity to experience a range of sporting activities. All students from Prep to Year 7 have swimming lessons in Terms 1 and 4. Our winter sports include soccer, football and netball. We also participate in the Education Department’s Smart Moves initiative providing regular blocks of time throughout the week for guided physical activity.

**Facilities**

Our three classrooms are all interconnected, giving our students a sense of all learning together as a team. All classrooms are equipped with interactive smart boards, computers and iPads.

Our P&C Association provides tuckshop every Friday offering a weekly ‘Meal Deal’.

A new purpose built library and resource centre provides our students with a dynamic, well equipped space to read, learn and play in.

**Extra-Curricular**

Our active and enthusiastic Student Council leads the school community in a variety of events and activities. The school garden and worm farm get students thinking about sustainability, and a weekly stall is held to sell the produce. They also run a weekly ‘Snack Shack’ selling food and drinks. Students involved in these activities gain valuable life skills.
